Email: office@responder1.com.au

Website: responder1.com.au

Facebook: <https://www.facebook.com/Responder1aus>

It is with sadness that we forward this email to our loyal clients of **Responder1**.

Responder1 is a family owned business that has taken pride in delivering high quality nationally accredited training, sales of first aid products, providing first aid at events and other non-accredited training for over 10 years.

You may or may not know, Maria's husband and father of Jamie, Keith Caldwell, passed away quite suddenly on 30 May 2021. Since then, our family have made a number of decisions in regard to our business structure.

Responder1 will discontinue all national accredited training from 1 August 2021 – that is

- **HLTAID001 PROVIDE CPR**
- **HLTAID003 PROVIDE FIRST AID**
- **HLTAID004 PROVIDE AN EMERGENCY FIRST AID RESPONSE IN AN EDUCATION AND CARE SETTING**

Responder1 will continue and concentrate on

- **SALES of First Aid products, Covid supplies, AEDs**
- **First Aid Services at events/functions**
- **Non-accredited training – Babies/Kids First Aid sessions, AED familiarisation sessions, First Aid sessions (non-accredited).**

We will be available to come to your business or work site to discuss your first aid needs and/or you can order by email or through our online store. We will personally deliver goods in the Illawarra area.

We thank all our clients for their support over the years some have been with Jamie (from when he first started training) through our whole journey of Responder1 and we hope you will continue with us in the provision of your first aid products, covid supplies and/or AEDs.

All First Aid and CPR records will be kept by Responder1 so if you require a copy of your certificate or verification of your qualification, please do not hesitate to contact us.

We are in the process of updating our website (responder1.com.au) to reflect our new business structure. We will increase our online store but essentially, if you (and/or your business) requires any sort of first aid product, kits, AEDs, Covid supplies, we will be able to help you. Do not hesitate to contact Maria by phone or email to discuss your first aid needs.

Once Covid has settled, restrictions lifted and events are on again, Responder1 will also be able to provide any necessary First Aid services at your events/functions/sporting events requirements for you. We have First Aid officers who are fully trained and will bring all equipment needed to provide first aid coverage at your event/function/sporting event. For any further information about our First Aid Services, please do not hesitate to contact Maria.

Our contact details will stay the same:
